Subject: Chemical Use Letter

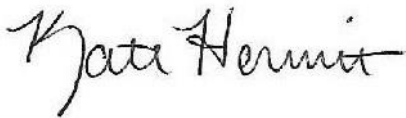

Dear Mr. Streater:

As requested, here is the list of E.P.A. approved chemicals used on site to control algae and shoreline grasses, brush and weeds at your site.

2, 4 D	Herbicide	For shoreline grasses and brush.
Flumioxazin	Herbicide	For floating, submersed and emergent plants.
Copper	Algaecide	For algae and aquatic weed control.
Endothall	Algaecide	For algae and aquatic weed control.
Diquat	Herbicide	For submersed and floating plants and algae.
Glyphosate	Herbicide	For shoreline grasses and brush.
Fluridone	Herbicide	For floating, submersed and emergent plants.
Imazapyr	Herbicide	For grasses, brush and floating weeds.

If you have any further questions, concerns or if there is any way I can be of assistance do not hesitate to call.

Sincerely,

Kate Hermit
Sales Manager/Biologist
